Family Company
proudly manufacturing
in the U.S.A. for 70 years

3 generations of family-owned manufacturing in the U.S.A.

70 years of design, innovation and expertise.

200k sq. ft. of industry leading manufacturing space.

Krowne is now celebrating its 70th anniversary as a family-owned company manufacturing in the U.S.A! With experience and products ranging from custom underbar equipment and refrigeration, all the way to durable high quality faucets and pre-rinses, we are here to provide a seamless purchasing experience from initial PO to support after the sale. Our new **state-of-the-art** manufacturing plant has allowed us to exceed ambitious goals while remaining steadfast on building a culture of dedicated team members. We have made major investments in **robotic automation** to increase our **custom manufacturing** capabilities, quality, and lead times. We have also implemented a high-tech **warehouse management system** in our new distribution center improving accuracy, inventory, and more **same-day shipping**.

These steps have positioned Krowne as an **industry leader** for both foodservice and plumbing products.

Increased robotic automation for custom manufacturing.

Same-day shipping on all in-stock items.

Rapid expansion of refrigeration product offerings.

First class logistics department to ensure seamless delivery.

Royal Series Underbar

When **precision** meets **royalty**.

Krowne Royal Series Underbar is our fully customizable, premium underbar product line. It is built for high volume applications and offers a diverse range of custom and standard product assortments. Known for our flexibility, Royal Series Underbar is not only installed in high end bars and restaurants, but also stadiums, casinos, and hotels all over the world. Standard overall depths offered are 24" and 26" but can be customized to fit your needs.

Features

- Free layout & design
- Diverse product assortment with custom configurations
- 7" high backsplash, 1-1/2" deep backsplash
- Built-In sound deadened Speed Rails
- Workstations ship pre-assembled in up to 7 ft. sections
- High performance 1/4 turn ceramic cartridge valve faucets
- Available with modular bar die
- Built-In soda chase
- Optional Built-In high volume 10-circuit cold plate
- Heavy Duty construction

NEW

Configure Your Craft Cocktail Station

Fully customize your bar.

Every bartender is different and we at Krowne understand that there is no perfect workstation for every application. Our new customizable approach allows bartenders and designers to create a solution that is perfect for you without the custom price tag.

STEP 1 Start with the Structure.

Model numbers should always begin with **MOD** for modular bar die or **LEG** for traditional legs.

Modular Bar Die

MOD

Traditional Legs

LEG

STEP 2 Build your model number.

Build your Mixology Station from **left to right** from the bartender's point of view.

For example **MOD-B3-M4-L1** would result in a Modular Bar Die Base (**MOD**) with a 30" Ice Bin w/ Speedrail (**B3**), 12" Dump Sink w/ Dual Speed Rinsers (**M4**) and 8" 5-Tier Liquor Display (**L1**)

Ice Bins w/ Speedrail

Ice Bins w/ Garnish & Speedrail

Mixology Stations

Insulated Bins w/ Speedrail

8" Insulated Bins must be ordered next to Ice Bin.

Liquor Displays

Ice Bins w/ Speedrail

- B1** 18" Ice Bin
- B2** 24" Ice Bin
- B3** 30" Ice Bin
- B4** 36" Ice Bin

Ice Bins w/ Garnish/Speedrail

- G1** 18" Ice Bin w/ Garnish Station
- G2** 24" Ice Bin w/ Garnish Station
- G3** 30" Ice Bin w/ Garnish Station

Mixology Stations

- M1** 8"W Speed Rinsers, Dipperwell
- M2** 8"W Speed Rinsers, Dipperwell, Cutting Board
- M3** 8"W Dipperwell, Cutting Board
- M4** 12"W Dump Sink, Dual Speed Rinsers
- M5** 12"W Dump Sink, Speed Rinsers
- M6** 12"W Dump Sink, Cutting Board
- M7** 18"W Dump Sink, Dual Speed Rinsers
- M8** 18"W Dump Sink, Speed Rinsers, Dipperwell
- M9** 18"W Dump Sink, Cutting Board
- MX** 24"W Dump Sink, Dipperwell, Speed Rinsers, Cutting Board

Insulated Bins w/ Speedrail

- S1** 8" Insulated Bin
- S2** 12" Insulated Bin
- S3** 8" Elixer Station
- S4** 12" Elixer Station
- S5** 8" Garnish Station
- S6** 12" Garnish Station

Liquor Displays

- L1** 8" 5-Tier Liquor Display
- L2** 12" 5-Tier Liquor Display
- L3** 18" 4-Tier Liquor Display

STEP 3 Submit your custom model number to quotes@krowne.com

Add "Custom Craft Cocktail Request" in the subject field of the email.

Use the below example as a guide to build your model number.

Insert a dash in between each unit you add to your mixology station.

Example Model Number:

MOD-M2-L1-S3-G3-S3-L1-M2

Note how the model number starts with **MOD**. This means the craft cocktail station will be built on a Modular Bar structure.

From left to right, this unit begins with **M2**, which is an 8" Mixology Station. This is followed up **L1**, which is an 8" Liquor Station. Follow this formula to build your entirely custom craft cocktail station!

Available February 2019

BarFlex3D™

Online 3D Craft Cocktail Workstation Configurator

Royal Series Modular Bar Die

Built-in chase-way for soda, beer, electrical & plumbing lines.

Elimination of legs create a sealed-to-floor finish.

Krowne Modular Bar Die (KMB) is designed to significantly reduce installation time while improving overall aesthetics and cleanability. The most time consuming portion of an underbar installation consists of the field layout/assembly of bar sections and the construction of the bar frame in which the sections are attached. Our modular bar units ship completely assembled in sections up to 7 ft. to drastically cut down time and labor while ensuring a sleek finish. Replacing legs with stainless steel panels that mount flush to the floor prevent debris from building up under the equipment.

Features

- Bartender-side: 20 gauge 300 series stainless steel
- Die wall structure: 16 gauge galvanized steel (stainless steel upgrade available)
- Shipped in sections up to 7 ft.
- Bartender-side panels removable for drain access
- We recommend customer-side panels are built to be removable by millworker
- Die wall designed to be sealed to floor to prevent seepage
- Built-in chaseways for plumbing, electric, soda, & beer lines.
- KMB is exclusive to Royal Series Underbar
- Completely assembled and mounted to bar die in the factory to ensure layout accuracy
- Galvanized structure will not corrode
- Engineered to exact dimensions
- Millwork panels and bartop can be pre-fabricated to save time during installation

Modular Bar Die

Model	Description	Weight / ft.
KMB	Modular Bar Die	11 lbs.

Angle calculations

90° corner sections = 5 ft.

All other angles = 2 ft.

Bar Die Wall
ships pre-attached to
stations in up to 7 ft. sections.

Can be ordered in any shape or size.

Each workstation is
shipped in wooden crates.

Accessories

Model	Description
KMB-LK-W	LED Light Kit w/ Junction Box - Crisp White
KMB-LK-B	LED Light Kit w/ Junction Box - Blue

and KR-408
Bottle Racks

ICE BINS

Outstanding Features

- 12" and 15" Depth
- Soda Line Access on Cold Plate Units
- Optional Built-in Speed Rail and Bottle Wells
- 10 Circuit Cold Plate Available

NOTE: All Units with Cold Plates have Soda Line Cutout in Rear.

Health Departments require the optional built-in cold plates when using a soda system. The cold plate is a large aluminum plate with stainless steel lines inside. The soda system will be connected to the stainless steel lines which are chilled from the ice inside the ice bin. The purpose of this plate is to chill the soda before it is dispensed through the soda gun. A cold plate cannot be added to an ice bin after it has been purchased.

- 30" Working Height
- Foamed-in-place insulation

Health Departments require the optional built-in cold plates when using a soda system. The cold plate is a large aluminum plate with stainless steel lines inside. The soda system will be connected to the stainless steel lines which are chilled from the ice inside the ice bin. The purpose of this plate is to chill the soda before it is dispensed through the soda gun. A cold plate cannot be added to an ice bin after it has been purchased.

FULL LENGTH SPEED RAILS

Krowne Speed Rails are full length as opposed to some of our competitors whose lengths are 22", 32" and 42" which does not cover the entire unit and results in less liquor bottle storage!

Single Tier Keyhole Speed Rail

Outstanding Features

- Stainless Steel
- Easy to Mount with Keyhole Slots
- Full Size Lengths
- Holds Standard and Liter Size Bottles

NOTE: We do not offer straps due to the weight of the liquor bottles and the heavy usage.

NOTE: True to length. Example: 24" Ice Bin – 24" Speedrail.

Model	Size	Weight
S-18	18"	3
S-24	24"	4
S-30	30"	4
S-36	36"	5
S-48	48"	7

Mounting Hardware Required. Use #10 Sheet Metal Screws 5/8" Long . Factory Pre-drilling \$65.00 list per unit (non-returnable).

Double Tier Keyhole Speed Rail

Outstanding Features

- Stainless Steel
- Full Size Lengths
- Two Levels of Bottles for Added Capacity
- Rear Bottles Raised 2"
- Holds Standard and Liter Size Bottles

Model	Size	Weight
D-18	18"	6
D-24	24"	8
D-30	30"	10
D-36	36"	12

Mounting Hardware Required. Use #10 Sheet Metal Screws 5/8" Long . Factory Pre-drilling \$65.00 list per unit (non-returnable).

Fits all Krowne Standard and Royal Series Ice Bins, Workstations, and Multi-Stations

Refrigeration

Aesthetically designed. Performance driven.

MADE IN

THE USA

Krowne Refrigeration is proudly built in the U.S.A. and meticulously designed by our engineers to endure the most demanding of environments. Quality control is the primary objective during every step of the manufacturing process. We rigorously test all refrigeration units with our in-house UL® certified testing facility to guarantee unparalleled performance.

Conforms to NSF/ANSI STD 7 & UL STD 471
Door models are NSF 7 for open food storage

Features

- 100% stainless steel interior
- Innovative sideblow technology
- Integrated cooling channel to maintain consistent temperatures
- Coved corner interiors to prevent seepage and mold
- Digital LED thermostats, field adjustable
- Integrated LED lights (white or blue)
- Full length handles with built-in locks
- Self-closing, field-reversible doors
- Easy-slide condensing unit built on track
- Available in R134A (Freon) and R290 (Hydrocarbon)

DynamicChill

360° Technology

25%
MORE STORAGE SPACE

Integrated air channel ensures uninterrupted flow to evenly cool product

Sideblow technology allows for 3 full levels of storage.

High powered turbo fan maintains optimal temperature

Digital LED Thermostat

High performance compressor with 5 year warranty

Stainless Steel Covered Corner Interior

Coved corners prevent liquid from seeping into insulation to extend longevity.

Stainless steel interior resists corrosion, which extends lifespan of the refrigerator.

Backbar Refrigeration Standard Features

Full-length stainless steel handles w/ built-in locks

Direct Mount Digital LED Thermostat

Flush mounted stainless fan vent

Built-in LED lights

New Backbar Refrigeration Options

Dual Temperature Units

Pass Thru Units

Blue LED Interior Lighting
(bright white comes standard)

Frosted Glass Doors

Natural Refrigerant

Competitor design

Overhead fan housing requires two standard fan blades

Fan location blocks storage space on top level

Mechanical thermostat

Traditional compressor

Fan location prevents cold air from being evenly distributed throughout cooler.

Traditional Galvanized Corner Seam Interior

Exposed floor seams allow liquid to seep into insulation creating mold.

Galvanized interior is highly susceptible to corrosion from beer, reducing the lifespan of the refrigerator.

MasterTap

Precisely engineered for beer, wine, coffee and more.

Tower Cooling System

Unique design channels cold air into tower to decrease excessive foam while maintaining temperature of beer

Tower Column

Built-in anchoring system increases rigidity of tower to eliminate wobbling seen with competitors

Sideblow Technology

Increases storage capacity

LED Digital Thermostat

Increased accuracy and adjustability versus mechanical thermostats used by competitors

Condenser

Unit is built on sliding track for easy access for maintenance purposes

Beer Drainer

Integrated drain connection for beer overflow from drip pan

Tap System

Flexible design allows for up to 8 taps

Drip Pan

Integrated drip pan with removable perforated tray for easy cleaning

Handles

Full length stainless steel handles with built-in locks for ease of use and increased security

Reinforced Floor

Built-in kickplate and removable stainless steel perforated floor increases strength to avoid damage caused by heavy kegs

Conforms to NSF/ANSI STD 7 & UL STD 471
Door models are NSF 7 for open food storage

MADE IN

THE USA

Krowne Draft Beer Coolers can be used for a variety of applications. With a wide variety of configurable options, find the Krowne MasterTap that best fits your needs.

SELF-CONTAINED DRAFT BEER COOLER

DB60L-SSS-LR

Outstanding Features

- 36" High", 25" Front to Back Depth
- Additional beer tower options - up to 8 taps, four sixtels per door
- Coved corner Stainless Steel interior with removable corrugated Stainless Steel keg floor for easy cleaning
- Digital thermostat
- High Performance Refrigeration System
- Operating Range of 30°-40°F (Set at 35°F, Digital Thermostat)
- Choice of Door Styles and Finish
- Heavy Duty 24" Wide Doors with Built-in Locks
- Heavy Duty 18-Gauge Door Jamb
- NSF Epoxy Coated Durable Shelves. One Bottom and Two Adjustable Shelves Per Door
- Pre-drilled bottom for optional casters
- Easy to Service and Clean
- R290 Hydrocarbon refrigerant available
- 5-Year Compressor Warranty
- 1-Year Parts & Labor Warranty
- NEMA 5-15P Plug Configuration

KR-310	Right Side Splash
KR-311	Left Side Splash

NOTE: Glass Storage Cabinets are 5" deeper to match Single Speedrail.

The Ultimate Gas Connector

Safe & secure, guaranteed.

PVC Protective Coating

With antimicrobial agent for easy cleaning.

Radial Wrap

Heavy duty stainless steel radial wrap prevents hose from stretching.

Corrugated Tubing

Stainless steel corrugated tubing built to be flexible for ease of installation.

Welded Construction

360° heavy duty welds on both ends increases durability.

Rotational Ends

360° rotational ends provide versatility and ease during installation.

One-Handed Quick Disconnect w/ 10-Point 360° Locking System

Quickly and easily allows you to disconnect hose to move equipment for cleaning and maintenance.

Full Port Gas Valve

Ball valve is required by code to allow for manual shutoff within 5 ft. of appliance.

90° Elbows

Elbows allow for versatility in tight conditions during installation.

Restraining Kit

Comes pre-cut 12" shorter than overall length of hose to prevent hose from being pulled too far. Easily disconnects for cleaning and maintenance.

SwivelKing™

Durable stainless steel construction with dual 360° rotation significantly reduces stress and extends life of hose.

Caster Positioning Chock

Creates a home position for movable kitchen equipment. Stainless steel construction eliminates cracking commonly seen with plastic caster positioning sets.

Krowne Gas Connectors have built a solid reputation for their durability and design. They have been so successful that we even changed our warranty policy from five years to a lifetime guarantee. Any gas connector you purchase from Krowne comes with the peace of mind knowing that we 100% ensure our product's quality and longevity.

GAS CONNECTOR PARTS & ACCESSORIES

SwivelKing™

NEW

Swivel Connector

- Allows gas hose to swivel in tight areas and reduces stress on the hose from bending
- Full gas flow with no restriction
- 360 degree full rotation

Size	Model
1/2"	SW50
3/4"	SW75
1"	SW100
1-1/4"	SW125

NEW

Caster Positioning Chock

- Makes sure equipment is in correct place
- Meets NFPA Codes 17A (5.64) & 96 (12.1.3) related to fire suppression systems
- Fits all caster sizes
- Includes mounting hardware

Model
28-200

Quick Disconnect

- Allow for easy disconnect to move equipment for maintenance and cleaning

Size	Model
1/2"	QD50
3/4"	QD75
1"	QD100
1-1/4"	QD125

Full Port Gas Valve

- Ball valve is required by code to allow for manual shutoff within 5 ft. of appliance

Size	Model
1/2"	G50
3/4"	G75
1"	G100
1-1/4"	G125

Restraining Cable & Hardware

- Restraining kit will be 12" shorter than hose length

Size	Model
24"	R24
36"	R36
48"	R48
60"	R60
72"	R72

90° Elbows

- Allow for versatility in tight conditions

Universal Casters

Visit krowne.com/crossover to find the correct caster for your equipment.

- Universal Plate Casters
- Low Profile Casters
- Threaded Stem Casters
- Wire Shelving Casters
- Adjustable Height Casters
- Triangle Plate Casters
- Heavy Duty Casters

Krowne Casters fit a wide variety of restaurant equipment from ranges and ovens, to worktables and fryers. With brakes on all four casters, your equipment is guaranteed to stay put or easily roll out for cleaning when needed. From plate casters to threaded stem casters, you are sure to find the type you need for your application.

ADJUSTABLE CASTERS

Visit krowne.com/crossover to find the correct caster for your equipment.

Adjustable 6" - 7" Height Universal Plate Caster with Front Brake

- Fits most manufacturers
- 6" to 7" height adjustment
- 3-1/2" x 3-1/2" plate
- 3" grease resistant wheels
- Total lock front brake prevents swivel and locks wheel in place
- Weight capacity 220 lbs per caster
- Temperature range of 14°F to 212°F
- 4 pieces per set

Fits hole pattern 1-3/4" x 2-3/4" or 2-3/4" x 2-3/4"

Model	Description
28-114S	3" wheel w/ front brake

Heavy Duty Adjustable 6" - 7" Height Universal Plate Caster with Front Brake

- Fits most manufacturers
- 6" to 7" height adjustment
- 3-1/2" x 3-1/2" plate
- 3" grease resistant wheels
- Total lock front brake prevents swivel and locks wheel in place
- Heavy Duty weight capacity 500 lbs per caster
- Temperature range of 4°F to 176°F
- 4 pieces per set

Fits hole pattern 1-3/4" x 2-3/4" or 2-3/4" x 2-3/4"

Model	Description
28-135S	3" wheel w/ front brake

Adjustable 6" - 7" Height 2-3/8" x 3-5/8" Plate Caster with Front Brake

Fits Dean* Fryers

- 6" to 7" height adjustment
- 2-3/8" x 3-5/8" plate
- 3" grease resistant wheels
- Total lock front brake prevents swivel and locks wheel in place
- Weight capacity 220 lbs per caster
- Temperature range of 14°F to 212°F
- 4 pieces per set

Fits hole pattern 1-3/4" x 3"

Model	Description
28-160S	3" wheel w/ front brake

Adjustable 8-1/2" - 10-1/2" Height Plate Caster for Fryers

Fits Pitco* Fryers

- 8-1/2" to 10-1/2" height adjustment
- 3-1/2" x 3-1/2" plate
- 3" grease resistant wheels
- Weight capacity 220 lbs per caster
- Temperature range of 4°F to 176°F
- 4 pieces per set

Fits hole pattern 1-3/4" x 2-3/4" or 2-3/4" x 2-3/4"

Model	Description
28-117S	3" wheel w/ front brake

Adjustable 6" - 7" Height 1/2"-13 Threaded Stem Caster with Front Brake

Fits True*

- 6" to 7" height adjustment
- 1/2"-13 x 1" threaded stem
- 3" grease resistant wheels
- Total lock front brake prevents swivel and locks wheel in place
- Weight capacity 220 lbs per caster
- Temperature range of 14°F to 212°F
- 4 pieces per set

Model	Description
28-156S	3" wheel w/ front brake

Adjustable 6" - 7" Height 3/4"-10 Threaded Stem Caster with Front Brake

Fits Garland* & Southbend* Ranges & Ovens

- 6" to 7" height adjustment
- 3/4"-10 x 1" threaded stem
- 3" grease resistant wheels
- Total lock front brake prevents swivel and locks wheel in place
- Weight capacity 220 lbs per caster
- Temperature range of 14°F to 212°F
- 4 pieces per set

Model	Description
28-158S	3" wheel w/ front brake

All Krowne Royal Faucets
come with a 3 year warranty

Faucets

Sleek. Clean. Durable.

1/4 Turn Ceramic Cartridge Valves w/ Integral Check Valve

High performance 1/4 turn ceramic cartridge valves that are designed to last longer than traditional rubber compression valves

Full Range Swing Spout

New elevated design maximizes sink work space

Aerator

1.8 GPM water saving aerator

Double O-Ring Construction

Includes reinforced shoulder for added strength

Chrome Plated Brass Body

High polish nickel chromium finish allows for easy cleanability and added durability

Offset Flanges

Eccentric fittings allow easy alignment adjustments for quick installation

Mounting Kit Included

For ease of installation

Krowne Royal Series Faucets are built for exceptional durability needed in extremely fast paced commercial kitchens. Over the past few decades, we have meticulously designed an expansive faucet line that is reliable for even the most demanding applications. We also save you time by including the components needed for a successful installation in every Royal Series box.

Pre-Rinse

All Krowne Royal Pre-Rinse come with a 3 year warranty

Precision. Power. Performance.

Stainless Steel Hose

High performance radial wrap tubing pressure tested to 400 PSI

E-Z Install Swivel Fitting

Allows for quick installation of pre-rinse without requiring plumber to fully rotate hose while assembling

Knife Style Spray Valve

High performance valve cleans dishes more efficiently than the traditional shower style pattern sold by most competitors. 1.2 GPM with heat resistant bumper

Wall Bracket Included

Secures pre-rinse to wall and is included with all models. Can be cut to desired length

1/4 Turn Ceramic Cartridge Valves w/ Integral Check Valve

High performance 1/4 turn ceramic cartridge valves that are designed to last longer than traditional rubber compression valves

Optional Add-On Faucet

Included with 17-109WL or can be added to any other Krowne Pre-Rinse

Mounting Kit Included

For ease of installation

Offset Flanges

Eccentric fittings allow easy alignment adjustments for quick installation

Krowne Royal Series Pre-Rinse come factory assembled to substantially reduce installation time. Our knife style spray pattern leads the industry in performance and efficiency. Our wide range of pre-rinse are in stock at all times and ready to ship today.

Straight Copper Water Line Installation Guide for Licensed Plumber

Install wall mount faucet on sink. Insert black washer inside brass fitting located at the end of long copper tube and attach to the cold side male water line fitting coming out of faucet and tighten properly. Connect copper tube to water source using compression fitting. Repeat procedure for hot side. After installation, turn water on and check for leaks.

E-Z Install

Flexible Stainless Steel Water Line Installation Guide for Licensed Plumber

Install wall mount faucet on sink. Insert black washer inside brass fitting located at the end of each Stainless Steel hose and attach to the cold side male nipple coming out of faucet and tighten properly. Repeat procedure for hot side. Connect to water source using compression fitting or male NPS fitting and tighten properly. After installation, turn water on and check for leaks.

Cooking Hood Vaporproof Light Fixture

- NSF certified
- Meets Code 96 & NEC 410
- Designed for Commercial Cooking Hood
- Base 5-1/2"D, 3-1/2"H
- Height with globe 9-1/2"H
- Maximum 100W Bulb

Model	Description
25-103	Shatterproof Plastic Coated Globe with Slanted Base (Replaces FMP® #253-1184)
25-112	Shatterproof Plastic Coated Globe with Wire Guard and Slanted Base (Replaces FMP® #253-1185)
25-128	Slanted Base

Refrigeration Light Fixture

- Die cast aluminum base
- Surface mount
- Maximum 100W Bulb

Model	Description
25-125	Tempered Glass with Straight Base (Replaces FMP® #253-1228)
25-118	Shatterproof Plastic Coated Globe with Straight Base (Replaces FMP® #253-1229)
25-120	Tempered Glass with Wire Guard and Straight Base (Replaces FMP® #253-1231)
25-113	Shatterproof Plastic Coated Globe with Wire Guard and Straight Base (Replaces FMP® #253-1230)
25-129	Straight Base

Replacement Globe

- 9 pieces per case
- Maximum 100W Bulb
- Rated to 392° F (200°C) for Glass Globes

Model	Description
25-100	Shatterproof Plastic Coated Globe 3-1/3"D x 6-3/4"H
25-101	Plastic Globe 3-1/3"D x 6-3/4"H
25-102	Tempered Glass Globe 3-1/3"D x 6-3/4"H

Wire Guard

- Fits standard 3-1/3" diameter x 6-3/4" high globe
- Zinc plated
- Maximum 100W Bulb
- Rated to 392° F (200°C)
- Replaces FMP® #253-1232

Model
25-104

Zinc Plated Snap-In Shelf Support

- Tab on top
- 7/8" wide
- Replaces FMP® #135-1240

- Great for use on refrigerator doors, drawer slides, and food racks
- High viscosity, safe on plastic, ultra pure, no chlorine
- 10.5 oz.
- Case Pack 6 pieces

Model
30-202

TERMS AND CONDITIONS

1. **PRICES.** All previous prices are currently withdrawn.
2. **ACCEPTANCE.** If the terms and conditions herein (the "Terms and Conditions") differ in any way from the terms and conditions of Buyer's order, or if these Terms and Conditions are construed as an acceptance or confirmation acting as an acceptance, then the Seller's acceptance is EXPRESSLY CONDITIONED ON BUYER'S ACCEPTANCE OF AND AGREEMENT TO ANY TERMS AND CONDITIONS SET FORTH HEREIN, THAT ARE DIFFERENT FROM OR ADDITIONAL TO THOSE IN BUYER'S ORDER. In addition, this writing shall constitute notice of objection to any terms and conditions in Buyer's order that differ from, or are in addition to, the Terms and Conditions herein. If the Terms and Conditions herein are construed as an offer, acceptance of such offer is EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS SET FORTH HEREIN. In any event, Buyer's acceptance of goods from Seller shall constitute Buyer's acceptance of and agreement to the Terms and Conditions. These Terms and Conditions shall not be supplemented or modified except as agreed to in writing and signed by Seller.
3. **EXPRESS WARRANTIES, CONDITIONS, AND EXCLUSIONS**
 - A. **Warranty.** Subject to the conditions and exclusions set forth below, Seller warrants to Buyer (i) that Seller holds and will pass marketable title to the goods sold hereunder; and (ii) that the goods sold hereunder will be free from defects in materials and workmanship (subject to tolerances and variances permitted by the trade hereunder) for a period of one (1) year from the date of tender of delivery to Buyer.
 - B. **Conditions and Exclusions.** The express warranty set forth above (the "Warranty") is subject to the following conditions and exclusions: (i) Buyer shall not assign its rights under the Warranty and any attempt by Buyer to assign such rights shall render the Warranty, but not any disclaimers or limitations, void, and the goods shall be sold AS IS; (ii) all goods shall be carefully inspected by Buyer upon receipt, be installed by persons who are trained and certified professionals with respect to such installations, and be installed, used, repaired and maintained by Buyer in accordance with all applicable local laws, codes and regulations; (iii) goods covered by the Warranty shall be warranted in connection with original installation only.
4. **DISCLAIMER OF IMPLIED WARRANTIES.** SELLER MAKES NO WARRANTIES EXCEPT AS EXPRESSLY SET FORTH ABOVE. SELLER DISCLAIMS ANY AND ALL WARRANTIES IMPLIED BY LAW, USAGE OF TRADE COURSE OF DEALING OR COURSE OF PERFORMANCE INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR USE.
5. **LIMITATIONS OF LIABILITY.** Buyer acknowledges that the following limitations of Seller's liability are fair and reasonable and shall apply to any act or omission hereunder, as well as to any breach of contract of which these Terms and Conditions form a part.
 - A. **Disclaimer of Damages.** SELLER AND ITS EMPLOYEES, AGENTS AND FRANCHISEES WILL IN NO EVENT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR OTHER INDIRECT OR SPECIAL DAMAGES SUFFERED BY BUYER, ANY OF ITS EMPLOYEES, AGENTS OR ANY OTHER PERSON, WHETHER ARISING UNDER CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR ANY OTHER THEORY OF LIABILITY. Such damages include, but are not limited to, loss of profits, loss of use of the goods, damage to property, and claims of third parties. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on the duration of an implied warranty, such that the above limitations may not apply to you, and you may have other legal rights which vary from state to state.
 - B. **Notice and Time of Claims.** Buyer agrees (i) to check and inspect all products against shipping papers and for damage or shortage upon receipt of goods at destination; (ii) that any claim for loss, damage in transit, or other cause visible upon inspection shall be made within five (5) days of receipt; (iii) that the parties expressly waive the statute of limitations and that any legal proceeding for any cause of action arising from or relating to this contract shall be waived unless commenced within two (2) years after the accrual of such cause of action.
6. **ATTORNEY'S FEES.** Buyer agrees to reimburse Seller for any costs and expenses, including reasonable attorney's fees, incurred by Seller as a result of any breach or default by Buyer of its obligations hereunder.
7. **TERMS.** Net 30 Days for those firms furnishing satisfactory credit reference. Interest on accounts overdue more than thirty (30) days will be charged at a rate of 2% per month or the highest rate permitted by law, whichever is lower (the "Overdue Rate").
8. **QUOTATIONS.** Unless otherwise stated, quotations are for 90 day acceptance.
9. **MINIMUM ORDER. \$25.00 Net.**
10. **SHIPPING TERMS.** The method of shipment and carrier shall be determined by Seller unless Buyer shall have specified a method of shipment and carrier (more) than ten (10) days prior to scheduled shipment. Title and all risks of loss or damage shall pass to Buyer upon delivery to carrier. We are not responsible for any delays in delivery which are beyond our control such as fires, strikes, delays in transportation or any similar contingencies. We reserve the right to ship via carriers that in our opinion are the most efficient. Where possible, customer's routing will be followed. All orders shipped prepaid will have a nominal administration charge per freight bill.
11. **RETURNS.** Custom and modified equipment, Rotary and Front Door Style Glass Washers, and Underbar Workstations without cold plates are not returnable. Return authorization for all other items must be requested within 90 days. All underbar and refrigeration equipment may only be returned with original white protective film in place. No returns are to be made to Seller without first obtaining a return authorization. No returns will be accepted or credited without such prior authorization and returns may be subject to a restocking charge of 25% of the purchase price plus transportation charges.
12. **SHORTAGE.** Krowne must be notified in writing within 5 days of receipt of shipment.
13. **TAXES.** Buyer will pay when due any and all taxes, tariffs, fees and assessments or any other similar charges imposed upon this contract, the goods covered hereby or the delivery, installation, use or resale thereof. If Buyer fails to pay any such amount when due, Seller may elect to pay it and Buyer shall promptly reimburse Seller for such payment, together with interest at the Overdue Rate.
14. **GOVERNING LAW.** This agreement, and all matters arising hereunder, shall be interpreted and resolved in accordance with the laws of the State of New Jersey, without giving effect to conflict of law of principles and excluding the United Nations Convention on the International Sale of Goods. Buyer and Seller submit to the personal jurisdiction of the state and federal courts of the State of New Jersey and agree that such courts will have jurisdiction over them in connection with any matter relating to or arising under this agreement. Service of process may be made by registered or certified mail, return receipt requested, to the last known address of the party being served. Process may also be served by any other legal means and Seller may bring an action with respect to any such matter in another jurisdiction.
15. **PRINTS AND DRAWINGS.** All prints and drawings submitted with orders will be accepted as correct sizes and any errors arising from the same will be the responsibility of the Buyer. There are no returns or cancellations for equipment built to your specifications.
16. **PRODUCT IMPROVEMENT.** Due to our commitment to continued product improvement, specifications are subject to change without notice.
17. **MISCELLANEOUS.** If any of the foregoing Terms and Conditions is declared illegal or unenforceable by a court of competent jurisdiction, it will be ineffective only to the extent of such illegality or unenforceability, without affecting the validity and enforceability, without affecting the validity and enforceability of the other Terms and Conditions. The headings used herein are inserted for convenience of reference of these Terms and Conditions. All prices are in U.S. Dollars.
